Kim Coates approached the board also providing written documentation stating that she received an opinion from her legal counsel. She stated that the planning commission is under the impression that they have to follow the Tangipahoa Subdivision regulation that are in place at this time. They also stated their hands are tied and could be sued if they don’t follow the subdivision regulation. (See letter attached of the minutes that provided by Mrs. Coates)

Bridgette Hyde asked for clarification on the 20 acres or more ordinance. Mr. Bailey stated the 85% of the wetlands had to be preserved and 15% could be utilized for road and utilities only and shall still follow the requirements per the Subdivision regulation standards. Also asking what action could she take to stop Fairhope Subdivision. Mrs. Bailey stated the preliminary plans were conceptual design and the development still had to come forth for final approval which would require the proper acreage be shown on the plat that is being preserved for wetland and follow the standards set in place also providing proof that the owner stated on the application and plat is the actual owner.

Mr. Graham closed the public comments

Camdon Trace Apartments-Preliminary

This property is located off Adams Road, Hammond, LA. Owner Owen Faust was present and engineer Clay Barrilleaux of Barrilleaux and Associates. A public hearing was held and Mr. Barrilleaux stated that the owner was proposing a 31-unit apartment complex with 5 existing apartments on 3.67 acres. Chairman, Kennedy asked the commissioners where there any question that they needed addressing. Planning Attorney, Brad Cascio asked was there enough room for a dump truck could turn in and out of the project. Mr. Barrilleaux stated there was plenty of room to turn around and he would reposition the dumpster.

Chairman, Graham Kennedy opened the floor up for public hearing.

Mr. Bobby Cortez, councilman of the district asked due to drainage and flooding issues along with the volume of traffic that commissioner reconsider approving the development and finding placement in another area.

David Wright approached the board stating that there was a grocery store at the development site and was he going to have them removed and there is a well on the ground and question whether it would be capped off. He requested a fence along the property line which was adjacent to his land and also questioning the wetlands. Mr. Barrilleaux stated that he would provide the JD letter for wetland at the final hearing and the water well would be capped off and regarding the gasoline tanks that would be and environmental assessment that is usually required by the lending agency. Mrs. Bailey stated that the apartment complex is considered a Special Use Subdivision, per our Tangipahoa Parish Regulations.

Edie Tranchina approached the board stating the current property is not well maintained., high grass and garbage are issues, if the layout of the development was changed would they have to revise the plan and resubmit? Flooding is a concern off Adams road and the conditions of the roads are not in great condition. She also stated that the Sewer District was not able to hold the capacity of the proposed development. Mr. Barrilleaux stated the Sewer District was capable of handling the capacity of the units and had a letter from the Sewer District stating that. Mr. Faust stated that the property is being kept up and the mobile homes will be removed including the house. He stated the units that will be built will be of high quality with concreate roads and saying if he were in violation in any way
that he would address immediately.

Jim Riche stated that his question regarding the gas tanks was addressed.

Pete Dunn approached the board and stated that flooding was a concern and questions the size of the discharge pipes due to size, stating what could flow in could flow out and also questioning the detention pond. Mr. Kiley stated there was a formula that is used to the development went thorough the drainage board and received approval.
